## [Sketch's Litters](#)

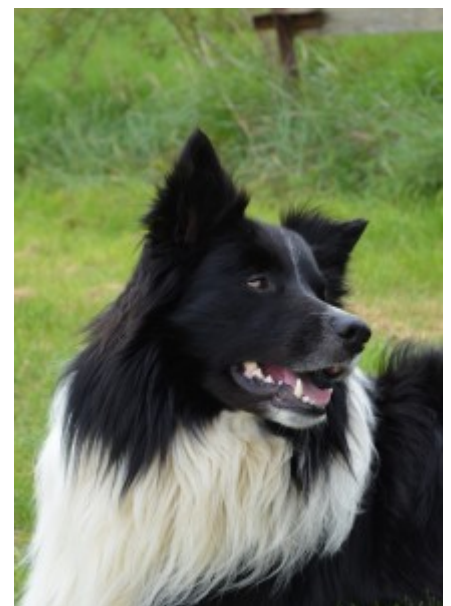

I kept this little Black and White chap, as I wanted to train a male this time.

Sketch is abit like his mother and is very quick to learn and loves his training.

He is a keen and a straight forward learner and quickly gained the CDex through to TDex Working Trials qualifications. As well as this he quickly reached G5 agility and his agility Warrant 'Bronze' award.

Sketch's has so far produced 10 litters and he has one son who has passed UKTDA – L1 test and two others winning into G4 agility shortly after competing.

You can see more of Sketch's pups if you '[Click here](#)'

4 of his brothers and sisters have gone to agility homes and one other brother has gone to an obedience home.

I am looking forward to seeing how all they all get on in their chosen fields.
